

## **DYMO Add-In for QuickBooks Version 2002-2003**

### **Platform:**

For use with DYMO Label Software (DLS) version 6.x and higher running with QuickBooks Professional and Premier on Windows 98/Me/2000/XP

### **Features:**

- Print labels right from QuickBooks toolbar
- Print labels from Invoice, Sales Receipt, and Purchase Order screens
- Print single labels, a selection of contacts, or the entire contact database

### **Installation Instructions from the Web download:**

1. If you are unsure where your system will place the downloaded application, create a folder on your computer (i.e. c:\DYMOFILE).
2. Download the file to the folder you have chosen.
3. Locate this file and double-click the qbinstall.exe file (Note: Be sure to exit your QuickBooks application if it is running). Follow the on-screen instructions to install the software.
4. When you are finished with the installation, start QuickBooks.
5. When properly installed, a small LabelWriter icon will appear on the right-hand side of the QuickBooks toolbar.

**Note:** You must enable the DYMO LabelWriter Add-In to allow DYMO to access the data in each of your company files for printing to the LabelWriter printer. The appendage to the owner's manual with QuickBooks Add-In information can be found here: [http://download.dymo.com/media/UserGuides/QB\\_Add-in\\_User\\_Guide.pdf](http://download.dymo.com/media/UserGuides/QB_Add-in_User_Guide.pdf)

### **Special Instructions and Important Notes:**

For use with QuickBooks Professional and Premier. U.S. versions 2002 and 2003 ONLY.
